INTRODUCTION

Before recipes existed, there were only the scents of smoke, the taste of milk on the lips, and the whisper of wind in the ladle.

Nomads did not write books - they passed on their knowledge through food, gestures, and silence by the fire.

This menu is more than a list of dishes.

It continues these memories.

The very memories once carried through.

The very memories once carried carefully in saddlebags, in palms, in warm loaves of bread.

Breakfast is served on weekends
